## 5. BIJLAGE B : KAARTMATERIAAL

---

1. Bodemkaart
2. Infiltratiegevoelige bodems
3. Overzichtskaart waterlopen
4. Verhardingskaart
5. Overzichtskaart Riolering
6. Overzicht rioolinfrastructuur (pompstation/KWZI/knijp/overstort)
7. Overstromingsgevoelige gebieden (watertoetskaart 2017)
8. Overstromingsgevoelige gebieden (pluviale overstromingen)
9. Overzicht groene clusters, RUP's en geplande projecten
10. Overzicht gekende knelpunten
11. Mogelijke zones voor ontharding
12. Overzicht deelgebieden en prioritering
13. Overzicht voorstel publieke grachten
